Welcome to Songwriters Portal Studio,

Thank you so much for allowing us to work our magic with your songs!

This is the best job we have at The Portal, making something special for our songwriters. This is for those who need mixing and mastering performed on their song(s).

1. We will need from you:
   a. All of your stem files
   b. An .mp3 and .wav of the master
2. We will send you a URL to plug into your browser that you can use to upload all of the above files.
3. When we receive your files, we will schedule the mix/master.
4. After completion, we will send you a download link for retrieval of your songs.
