Welcome to Songwriters Portal Studio,

Thank you so much for allowing us to work our magic with your new lyrics!

This is the best job we have at The Portal, making something special for our songwriters. This is for those who don't play or sing, just create lyrics. To get started, read below.

1. We will need from you, a short .mp3 file of you humming or singing your lyrics so we will know how you want it to sound. We can create songs for the following genres…. Country, Ballads, Pop, and more. We cannot create Rap, or Dub-Step. Email your lyrics and .mp3 file to staff@songwritersportal.com . Include your name, email address, and phone number.
2. We will call you after we receive the above information to discuss your song and how we can make it as perfect for you as possible.
